  - Gearboxes,
  - Speed Reducers & Increasers
- Filters & Tank Accessories
  - Gauges & Flow Meters
  - Hoses & Fittings
  - Custom Valve Manifolds
  - Coolers & Heat Exchangers
  - Pneumatics
  - Flow Dividers & Proportionators

## Rockbreaker Parts

- Chisels
- Thru bolts
- Rod
- Pin
- Biscuit locks
- Pistons
- Bushes
- Diaphragm
- Dampers
- Pads

## Ground Engaging Tools

We have an extensive range of heat treated teeth, adaptors and rippers for many different functions and machines. These include loaders, dozers, compactors, scrapers, graders and excavators.

Teeth styles available cover standard, tiger, rock chisel, high penetration and heavy duty for extended wear life.

In addition to ripper boots, we also provide weld on replacement adaptors for your shank, and shrouds for protection.

SPC also has a range of cast replacement parts for compactors and rollers such as compactor/roller caps, pedestals, and scraper bars.
